⁸ With the Choose Generics program, your pharmacy will automatically fill your prescription with a generic drug, if one is available. If you choose the brand name instead, you will pay the difference in actual cost between the brand name and generic equivalent plus the Tier Three coinsurance. In addition, the amount that is the difference between the actual brand cost and actual generic cost does NOT go toward your plan's calendar-year out-of-pocket maximum.

⁹ Covers a 180-day supply of the following FDA-approved medications with a valid prescription: bupropion SR, nicotine gum, nicotine inhaler, nicotine lozenge, nicotine nasal spray, nicotine patch and varenicline. Includes eight counseling sessions per calendar year.
