

We are committed to making your experience with LabCorp easy, fast, and convenient.

With the new LabCorp Patient mobile app, available on both the Apple App Store® and Google Play®, you can conveniently view lab results, schedule your next LabCorp appointment, and more.

Do you want to know when your lab results are ready to view? With our app, you can receive a notification that your lab results are ready, and quickly log in using your fingerprint.* Get the information you need, when you need it, and stay informed and connected from wherever you are.

Stay connected and informed on the go.

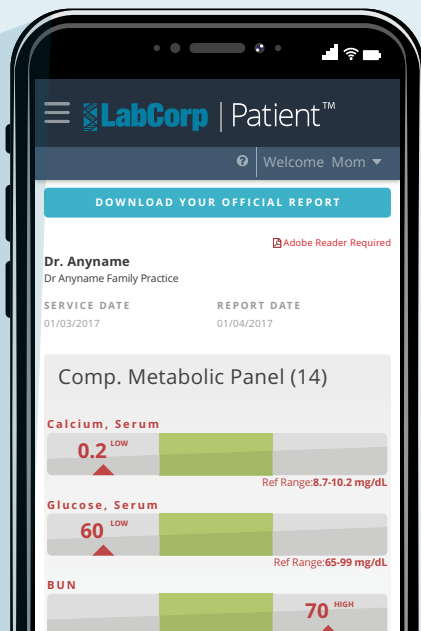

View lab test results and schedule appointments, all from the convenience of your mobile device.

LabCorp Patient mobile app is free to download.

Managing your health care just got easier!

Our new installable app is easy to use, and has convenient features that put you within reach of your health care at all times.

Securely **view** your lab test results, **schedule** an appointment for a lab service visit, **manage** dependents and **more** with the new **LabCorp Patient installable mobile app**.

Here are just a few of the things you can do, from the convenience of your mobile device:

- View, download and print your official lab test result report
- Receive a notification when lab results are ready
- View, download, and print your bill
- Receive a notification when an electronic bill is available
- Find a lab and check in for your lab service visit prior to arrival
- Receive a QR code on your device for appointment check in
- View and manage historical lab test result (available for lab results after November 2011)
- Manage health information for your dependents
- Manage profile preferences
- Manage and reset your password
- Log in using your fingerprint*
- Learn about opportunities to participate in research that can improve the quality of your life and the lives of others
